Dear Parents and Carers,

To help your child succeed in reading, they must read every day.

Our home reading program is a way to encourage your child to read. All students K-6 are expected to participate by reading for a certain time **each day**.

The program is most effective when you or another interested adult listens to your child read and asks questions about what has been read. This greatly assists the development of fluency and comprehension.

We appreciate your support as together we can make a difference to your child's reading progress.

The Program

To obtain a certificate your child needs to read for 25 nights. They will progress through the program in the following order

- Bronze Award = 25 nights reading
- Silver Award = 50 nights reading
- Gold Award = 75 nights reading
- Double Bronze Award = 100 nights reading
- Double Silver Award = 125 nights reading
- Double Gold Award = 150 nights reading
- Royal Amethyst Award = 200 nights reading
- Double Royal Amethyst Award = 250 nights reading
- **Opal Award = 300 nights reading**
