Students have started the year in their 2023 classes for today and tomorrow as we accept new enrolments and finalise student numbers. 2024 classes will be allocated as soon as possible.

**Changes to communication** - the School Stream App is being decommissioned and we are transferring to the Parent App provided by SENTRAL. We already use a number of SENTRAL components in our daily organisation. The Parent Portal will enable access to a regular calendar of events, viewing and booking parent teacher interviews, newsletters and attendance responses. A note will come home tomorrow regarding registering for the Parent Portal. Schoolbytes is still being used for payments.

#### Swimming Carnival

Next Thursday will be a full swimming carnival for all students turning 8 and above this year. Parents are welcome to attend the Morisset Swimming pool next Thursday. Parents will need to pay their entry into the pool on arrival, student entry will be covered by school funds. Students will be under the supervision of school staff throughout the day.
